

CTRS

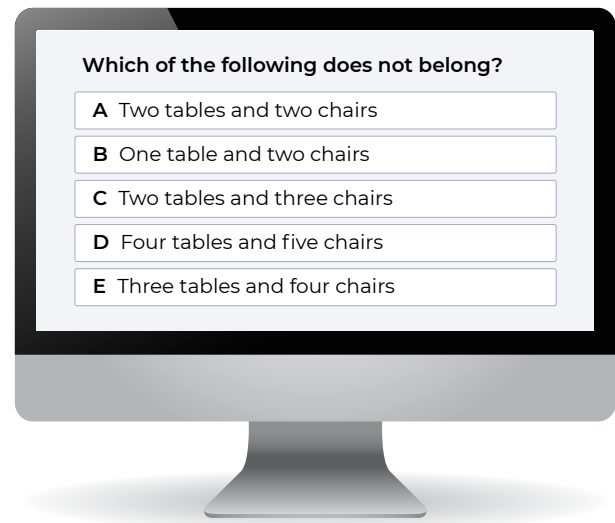

Criteria Think Reason Solve

A fast, customizable, and accessible test for cognitive aptitude.

Measures:

- ✓ Critical thinking
- ✓ Problem-solving skills
- ✓ Ability to learn new information

Estimated Time: 5-20 minutes depending on the skills assessed

Answer: A

The CTRS measures cognitive aptitude, one of the best predictors of job success. The modular format enables you to choose which components of cognitive ability you'd like to assess, or measure general aptitude in just five minutes with the CTRS Express, our fastest cognitive assessment. CTRS is also adaptive and compatible with screen readers, offering a fast and friendly candidate experience.

APTITUDE TEST

Criteria Think Reason Solve Express

The CTRS measures cognitive aptitude, or general intelligence, across a variety of domains. This test provides an indication of a candidate's ability to process and use different types of information to solve problems. Cognitive aptitude is one of the most accurate predictors of job success for any position.

Results Summary

66th Percentile

Average

Results Details

Vince's overall score was higher than 66 percent of the general population, which indicates that they are likely to be as effective as most in interpreting and applying information appropriately to complete tasks.
