The Criteria Basic Skills Test (CBST) measures the basic math and verbal skills that are required to succeed in a wide variety of entry-level jobs. The CBST measures basic grammar, spelling, math, and language skills. It offers a quick way to assess the job readiness of candidates in a range of jobs, including clerical, administrative, and customer service positions.

Score Report Data That Helps You Hire

Each report provides powerful information in an intuitive and easily understandable format.

What you’ll find:

1. RAW SCORE: Questions answered correctly
2. PERCENTILE: A performance metric indicating performance relative to others
3. SUB-SCORES: Verbal and Math
4. SCORE RANGES: Recommended by position

Results are instant – view your candidates’ score reports as soon as they finish the assessment.
Scientifically Validated

The CBST has been extensively validated to be predictive of performance for a variety of jobs in which basic verbal and math skills are required. The test is most useful for assessing basic job-readiness competencies for candidates applying to entry-level or low- to mid-level jobs.

Case Study

One bank used the CBST to dramatically increase the hiring success rate for tellers. Employees who passed the CBST were 65% more likely to be high performers.
